Hello Everyone,

On behalf of Laura Williams and David Ostrander, I'm sending a request for Region 10's assistance with the Gold King Mine response. Specifically, we would like OSC Greg Weigel to deploy to Silverton to assist OSC Steve Way with stabilization of the Gold King Mine site. We would like Mr. Weigel to deploy on or around August 28 and stay for approximately two weeks, though Steve can work that specifically with Greg.

Also, we are interested in whether your REOC IT contractor can deploy to Durango to assist with ongoing ICP support. The desire is that your person would deploy soon, Sunday or Monday, and stay for one week.

I understand you need to check overall regional commitments and support you're giving to R9 before you can give an answer. We look forward to hearing your determination. Thank you so much for your assistance!

Regards, Gina
